INSTRUCTIONS

· SIMPLE BUDGET SPREADSHEET ·

Thank you for your purchase! ☺️ Please take a time to read through this instruction. Here, you will learn how to setup your spreadsheet and you'll find answers to the most frequently asked questions. If you have any further questions, please reach out to me on Etsy, and I will get back to you as soon as possible.

PLEASE NOTE

⚠️ NOT COMPATIBLE WITH EXCEL

This spreadsheet was designed for Google Sheets and will not function properly in Excel. While Google Sheets and Excel are pretty similar, there are differences in their formatting and how formulas are set up.

📆 DATE FORMAT

By default, the template's date format is set to mm/dd/yyyy, however it can easily be changed to dd/mm/yyyy. Go to **File** at the top left > **Settings** > Select your **country** from the dropdown > **Save settings**.

🔒 PROTECTED CELLS & TABS

This spreadsheet is protected to prevent cells with formulas from being edited accidentally. However, there are exceptions on cells you're supposed to edit. If you want to remove the sheet protection, please go to **Data** > **Protected sheets and ranges**. From there, select the tab and on the right, there should be a Trash icon. *Altering or removing formulas in the spreadsheet will change how it works.*
